

JAYNE'S CARMINATIVE BALSAM

IS a certain, safe, and effectual remedy for Dysentery, Diarrhoea, or Looseness, Cholera Morbus, SUMMER COMPLAINT, Cholera, Griping Pains, Sour Stomach, Sick and Nervous Headache, Heartburn, Waterbrash, Pain or Sickness of the Stomach, Vomiting, Spitting up of Food after Eating, and also where it passes through the body unchanged, Want of Appetite, Restlessness and Inability to Sleep, Wind in the Stomach and Bowels, Hysterics, Cramp, Nervous Tremors and Twitchings, Sea Sickness, Faintings, Melancholy and Lowness of Spirits, fretting and crying of infants, and for all BOWEL AFFECTIONS and NERVOUS DISEASES.

This is one of the most efficient, pleasant, and safe compositions ever offered to the public for the cure of the various derangements of the stomach and bowels, and the only article worthy of the least confidence for curing CHOLERA INFANTUM, or SUMMER COMPLAINT; and in all the above diseases it really acts like a charm.

All persons are requested to try it, without exception, it is one of the most valuable family medicines ever yet discovered. Hundreds, nay, thousands of certificates have been received from Physicians, Clergymen, and families of the first respectability, bearing the strongest testimony in its favor, too numerous to publish.

New York, May 20, 1837.

Dr. D. Jayne—Dear Sir—Having made use of your Carminative Balsam in my family, and finding it to be admirably adapted to the complaints for which it is intended, I take pleasure in recommending it to the use of my friends and the public generally, believing that those who are afflicted with any of these complaints will find relief in the use of this valuable medicine.

JONA. GOING, D. D.,
President of Granville College, Ohio.

Woodsstown, Salem co., N. J., May, 1837.

From a long acquaintance with Dr. Jayne's Carminative Balsam, I believe it to be a very happy combination, and a useful medicine in many complaints which almost constantly occur in our country, such as Bowel Affections of children, Cholera, Cramps, Looseness, Dyspeptic Disorders of the Stomach, Coughs, and Affections of the Breast, together with all those diseases attended with sourness of the Stomach; and believe that physicians will often find it a useful remedy in their hands, and one that is proper for domestic use, and can be put into the hands of persons at large with perfect safety.

WM. BACON, M. D.

Baltimore, March 27, 1833.

Dr. Jayne—Dear Sir—You ask me what proofs I meet with of the efficacy of your Carminative. I can safely say that I never prescribed a medicine for Bowel Complaints that has given me so much satisfaction, and my patients so speedy and perfect relief as this. Whenever introduced into a family, it becomes a standing remedy for those ailments, and is called for again and again, which I think a pretty good proof of its efficacy and usefulness. In the Summer Complaint of the child it has frequently appeared to snatch the little victims, as it were, from the grave. "It saved the life of my child, and of such and such a child," I have repeatedly heard said. In dysenteric affections of adults, I have time and again seen it act like a charm, and give permanent relief in a few hours, I may say in a few minutes. In fine, it is a valuable medicine, and no family should be without it.

M. L. KNAPP, M. D.,

Late Physician to the Baltimore Dispensary, and Agent for the Maryland Vaccine Institution.

Bridgeport, N. J., July 19, 1836.

This may certify that I have used Doctor Jayne's Carminative Balsam very extensively in Bowel Complaints, and have not the least hesitation in declaring it superior to any preparation that I have met with, for the relief of those diseases.

WILLIAM STELLING, M. D.,

Physician to the Cumberland N. J. Almshouse.

WORMS! WORMS! WORMS!!!

Of all diseases to which children are exposed, none are so fatal to them as worms. Unfortunately, children are seldom free from them, and as they imitate the symptoms of almost every other complaint, they often produce alarming effects without being suspected. Worms are not only a cause of disease themselves, but by their irritation aggravate all other diseases, wandering from one part of the body to another, winding themselves into large balls, and obstructing the bowels, and frequently the throat, causing convulsions, and too often death. The best remedy ever yet known is

DR. JAYNE'S TONIC VERMIFUGE,

which is perfectly safe, and so pleasant that children will not refuse to take it. It effectually destroys WORMS; neutralizes acidity or sourness of the stomach, increases appetite, and acts as a general and permanent Tonic, and is, therefore, exceedingly beneficial in Intermittent and Remittent Fevers, Indigestion, &c., and is a certain and permanent cure for FEVER and AGUE.

It not only destroys Worms, and invigorates the whole system, but it dissolves and carries off the superabundant slime or mucus so prevalent in the stomach and bowels of children, more especially of those in bad health. This mucus forms the bed or nest in which worms produce their young; and by removing it—it is impossible for worms to remain in the body.

It is harmless in its effects on the system, and the health of the patient is always improved by its use, even when no Worms are discovered. Numerous certificates of its usefulness have been received, which the proprietor does not consider necessary to publish; yet to give the reader an idea of its vermifuge powers, he will mention a few cases. He gave it to his little nephew, not four years old, and in a few days he discharged upwards of ninety large worms. He also gave it to his daughter, then about three years old, when it brought away thirty worms in one night.

Joseph Thompson, near Salem, N. J., administered this Vermifuge to a child between two and three years old, and says that in a few days she discharged one hundred and twenty-seven large Worms.

Mr. Joseph A. Lents, of the Penn Township Savings Institution, in this city, gave it to one of his children, and says that after the sixth dose it brought away about fifty Worms at once, five and six inches long.

Mr. Ferdinand Woodruff used two bottles of this Vermifuge for DYSPPEPSIA, and in the course of two weeks discharged upwards of thirty pieces of TAPE WORM, and was thereby perfectly cured.

Another gentleman of this city had it administered to his little daughter, about three years old, when she had a number of discharges from her bowels, composed entirely of little white thread worms. He says, "they came away from her, not only by hundreds, but I may truly say, by thousands, separately and in solid balls as large as hickory nuts, composed entirely of dead worms."

DYOTT'S ANTI-BILIOUS PILLS

As a family medicine, a mild, gentle purgative, and purifier of the blood—the general use of these celebrated Pills throughout the United States for forty years past, and the strong recommendations they have acquired from all classes of our fellow citizens, places them in a much more elevated situation in public estimation, than any other remedy which has hitherto been introduced.

The following are among the many diseases for which Dr. Dyott's celebrated pills are so deservedly distinguished for curing. By their counteracting properties in removing the bile from the Stomach, they prevent and cure the bilious fever, chills or ague and fever; spring and fall fevers; yellow fever; bilious cholera pleurisy; dysentery; worms; bilious vomiting; sick and foul stomach.

By cleansing the bowels and stomach from all impurities, they restore the appetite; remove flatulency; cure the headache; habitual constiveness; colds; coughs; asthma; epileptic fits; hypochondria; hysterical complaint; stranguary; gravel, &c.

By a general and copious use, they will be found very beneficial in curing the rheumatism and gout, lumbago or pains in the back. All impurities in the blood yield to their happy effects, whether proceeding from constitutional ailment, or from indiscreet intemperance.

These celebrated pills have been used to very great advantage in curing the dyspepsia, or indigestion, bronchitis, liver complaint, &c.

They are an infallible medicine for Female Complaints generally, and especially for removing those obstructions which are the source of their ailments at certain periods, they possess the eminent advantage over most other purgatives, that while they operate gently, they produce neither costiveness, debility, nor too great excitement.

Whenever there is a predisposition to receive disease from marsh effluvia, or from a too copious use of ardent spirits, or from a vitiated state of the bile, these pills will assuredly counteract it.

They are highly recommended to travellers by sea or land, and may be made use of without change of diet, and in situations where no exercise can be used. They will be found particularly valuable for preventing diseases incidental to hot climates, they deterge and cleanse vicid humors, open obstructions and promote the secretion of good bile, operate as an easy cathartic, as a powerful diuretic, and as a diaphoretic.

Dr. Dyott, under the strong conviction of the power of his pills to relieve the afflicted, recommends the use of them to those who are in health as well as the afflicted, at least once a fortnight, during the Spring and Summer months, in which he feels assured those who attend to his advice will find the benefit they seek.

A full directions accompanies each box of Pills. Take notice—each box is sealed with red wax, stamped with the Proprietor's coat of arms, and signed

TO THE AFFLICTED!

HAMPTON'S VEGETABLE TINCTURE FOR THE CURE OF CHRONIC DISEASES.—The most safe and certain remedy ever known to the world for various chronic diseases, after they have reached a state, and assumed a character, hitherto considered desperate and incurable.

Chronic Rheumatism, Scrofula, Kings Evil, attended with swellings and ulcers, sore eyes, and loss of sight, to a frightful extent, have been cured. Females pining away by reason of deranged secretions, broken calculations, and obstructed menses, (monthly courses) even when attended by spasms or fits, have been readily relieved.

Dyspepsia yields without a struggle to its mild yet powerful action upon the stomach. In Catarrh, or Cough, Rheumatism, and Fistula, it never fails to cure, as we have fully proved. All diseases having their origin in an impure state of the blood and fluids, will be speedily and effectually removed by this invaluable medicine.

This tincture tends directly to excite a healthy action in the stomach, liver, lungs, and kidneys, to purify the blood and other fluids, by expelling every particle of morbid matter from the system, and therefore never fails to prove a valuable remedy for the diseases which calomel has been invariably used. Old sores and ulcers, or any chronic affection; and for the calomel disease, it is an infallible remedy.

This remedy is perfectly vegetable, mild, agreeable, and safe for persons of any age, either sex, or any condition, acknowledged by those who have tried it, to be the best known family medicine.

The justly celebrated tincture creates a craving appetite, and the patient is left at liberty to indulge it. The use of this medicine will change the complexion from a palid to a fine blooming one. After using this tincture for six weeks, a person of any age may eat anything that a child of ten years of age, in full health, could eat, without the least inconvenience.

Dr. Hampton is in possession of certificates from the Hon. Henry Clay, Col. Richard M. Johnson, Hon. John B. Dawson, of La., and many others, who have been benefited by the use of this tincture.

For certificates, &c., see pamphlet.

SANDS'S SARSAPARILLA.

FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD, OR HABIT OF THE SYSTEM.

Scrofula, or King's Evil, Rheumatism, Obsolete Cutaneous Eruptions, Pimples, or Pusules on the Face, Blotches, Bites, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stubborn Ulcers, Syphilitic Symptoms, Scalding, or Lumbago, and Diseases arising from an injudicious use of Mercury, Astringents, or Dropsy, Exposure or imprudence in life. Also, Chronic Constitutional Disorders will be removed by this preparation.

To promote the health of the body and increase the tranquillity of the mind, are among the most important objects for which man lives, and for which the sages of antiquity labored with incessant and unremitting toil. The constitution of man was their study, in order to discover the seat of his maladies, and source of all his corporeal misery. To alleviate the drooping spirits, to inspire confidence to the desponding mind, and ease the sorrowed heart, all the arts and arguments of their philosophy and powers of reason were turned. Among the varied branches of worldly learning, there can be none equal in importance to that of the Healing Art, for the soul in a diseased body may be aptly compared to the martyr in his dungeon, which retains its real value, but has lost its usefulness. Many or most diseases have their origin in an impure or impoverished state of the blood, and this being a fluid sui generis, extending to the most minute ramifications of the system, the subtle poison is infused, and the seed being sown brings forth fruit in abundance; in one instance, causing a swelling of the glands, resulting in Scrofula or King's Evil—in another, ossification of the arteries, or turning them into bone; also, rheumatism, and disease of the heart, cutaneous eruptions, diseases of the liver, and a variety of other maladies, which soon hurry their victim to the grave.

Sands's Sarsaparilla, a purely vegetable medicine, which is the result of years of labor and chemical research, in bringing it to its present state of perfection, will arrest, and, if timely administered, perfectly cure these diseases, by purifying the vital fluid, regenerating the constitution, dispelling diseased action, giving tone to the general energies of the system, and enabling the blood to course on freely, and bringing with it health and renewed vigor.

The following are extracts from letters recently received, and specimens of those coming to hand daily:

GALLATIN, Tenn., Feb. 27, 1844.

Messrs. A. B. & D. Sands—

Gentlemen: I have just received a letter from my father in Russellville, Ky., who wishes to purchase some of your Sarsaparilla. I have no doubt he can be the means of selling a great deal, as it has performed a wonderful cure in his family. Last December I was sent for by my sister before she died, she having been in poor health for some two or three years, and at the time I went over to see her, she was at the point of death with the scarlet fever and a cancerous affection of the bowels, from which her physician thought she could not possibly recover. I carried over with me a bottle of your Sarsaparilla, and with the consent of her physician, she commenced taking it that night. I remained with her three days, and left her rapidly improving. Her husband sent a boy home with me for more of the Sarsaparilla. I sent one dozen bottles, which I believe will effect an entire cure. My father writes me to that effect, and wishes through me to procure an agency for selling your valuable medicine in that neighborhood. Respectfully,

J. M. OWENS.

NEW YORK, Dec. 1, 1843.

Gentlemen: Parental feelings induce us to make the following statement of facts in relation to the important cure of our little daughter, wholly effected by the use of Sands's Sarsaparilla. For nearly three years she was afflicted with a most inveterate eruption on the body, which at times was so bad, connected with internal disease, that we despaired of her life. The complaint commenced in the roots of the hair, and gradually spread until the whole head was enveloped, and then it attacked the ears, and ran down the neck, and continuing to increase, until it covered the most of the body. It commenced with a small pimple or pustule, from which water at first discharged; this produced great itching and burning; then matter or pus formed, the skin cracked and bled, and the pus discharged freely. The sufferings of the child were so great as almost wholly to prevent natural rest, and the odor from the discharges so offensive, as to make it difficult to pay that particular attention to the nature of the case required. The disease was called Scald Head and general Salt Rheum. We tried various remedies, with little benefit, and considered her case almost beyond the reach of medicine; but from the known virtue of your Sarsaparilla, we were induced to give it a trial.

Before the first bottle was all used, we perceived an improvement in the appearance of the eruption; but the change was so rapid for the better, that we could scarcely give credence to the evidence of our own eyes. We continued its use for a few weeks, and the result is a perfect cure. To parents we would say—If you have children suffering with any disease of the skin, use Sands's Sarsaparilla. With feelings of gratitude and respect, we are yours, &c.

ELIHU & SARAH SOUTHWAY,
No. 95 Madison street.

ELIZABETHTOWN, N. J., Dec. 2, 1843.

Messrs. Sands—Gentlemen: It is with heartfelt gratitude for your kindness to me that I make a public acknowledgment of the benefit I have received from your Sarsaparilla. I have been for many years afflicted with a cancer in the breast, and for four years it was, as I thought, incurable; it spread very fast, so that it had nearly covered the whole breast, and for many weeks I was so reduced with the loss of blood and the pain of the wound, that I was unable to turn myself in bed, and my sufferings during the whole winter were more than I can tell. With the advice of my friends, I called two of the most eminent physicians of the place, who recommended your preparation of Sarsaparilla, knowing of nothing that would be as likely to help me; which advice I readily received, and before I had taken one bottle, I found a change in my feelings which induced me to take more, and when I had taken the third bottle, I was like another person both in health and strength. I have taken your preparation since last March, and although the wound is not entirely healed, it is in a very favorable state, and I believe it will be the means, ultimately, of my entire cure; and that the afflicted may all find the relief which it alone can give, is the wish of their and your friend,

EUNICE WOODRUFF.

DEAFNESS. Dr. McNAIR'S ACOUSTIC OIL.—Those deaf from infancy often receive, in a most miraculous manner, their hearing when they least expect it, by some trifling accident or event, which shows them how easily they might have much sooner had their hearing, and saved themselves and their friends the pain of conversing in a loud tone, without pleasure, or of being neglected and shunned, to avoid that distress which is felt mutually by the deaf person and his hearers. How sacred a duty, therefore, it is that we use all necessary means to remove such an affliction, and enjoy the social qualities implanted in our natures! This EAR OIL has the effect so to relieve the tension, and bring into use the natural action of the parts, so as to restore the hearing when lost or impaired. This is proved by so many and well-known cases, that, where known, it needs no praise. The great wish of the proprietor is, that each may speak to others of its uncommon virtues, till sufferers may know, and be relieved and restored by its use. This will be done in all cases of recent DEAFNESS and many of long standing. ALL DEAF PERSONS should use this oil! It will relieve at once, or, if DEAFNESS is just commencing, will remove the cause and check its progress. Those who have been long deaf should continue its application a few weeks to hear well. Each flask has full directions for use attached to it.

AVOID ANY IMITATIONS. The true may be known by my signature on the flask. The copyright secured as follows:

TO ALL THE WORLD WHO USE LEATHER IN ANY FORM.

OIL OF TANNIN, OR LEATHER RESTORER.

A NEW CHEMICAL DISCOVERY.

Most people know that skins and hides are converted into leather by the use of Tannin extracted from certain barks, &c.

When the force and strength of the Tannin is worn out, leather becomes dead, hard dry, brittle, cracked, covered with a crust, &c. THIS ALL KNOW. To restore, then, life, softness, moistness, strength, smoothness, and remove all crust, filth, or blister—restore the tannin. This substance the leather never can receive the second time; but the whole virtues of it are in this article, the OIL OF TANNIN—which penetrates the stiffest and hardest leather, if it has been twenty years in use; and if it tears easily with the fingers, it imparts at once a strength that is utterly incredible until seen. It becomes like new leather, in all respects,
